THIRD CLASS DISTRICTS

(A third class district is one which has a population of less than one thousand; it employs a superintendent and principal or either. It is controlled by a board of three members. Many third class districts have several rural schools in addition to the school listed below. As these rural schools are supervised almost entirely by the county superintendents, they are not included here. The number of teachers listed below is in addition to the superintendent and principal. Consolidated districts are indicated in each instance.)

COUNTY HIGH SCHOOLS

(A county high school is under the control of a principal; it is administered in most cases independently by any school district; funds for its upbuilding and maintenance are derived from a uniform county levy; the board of trustees consists of seven members of whom the county superintendent is one and the remaining six are appointed by the county commissioners. The number of teachers listed is in addition to the principal.)
